Since many of us have been staying close to home, I thought it might be nice to have a list of books you can order or download from your local library to occupy some of your time. I've put together a variety and hope you can find something to enjoy. Some are new; some are old. You can easily get a summary if you go to Amazon books. See listing at the end of this newsletter. **Happy Reading!**

##### **International**    ~~ Patt

Thinking of all the people in the world dealing with the pandemic at this time. Thinking of all our members handling their lives in this new world we are living in. May each of you celebrate Valentine's Day realizing how much we have to be thankful for, even in these challenging times.

## VALENTINE'S DAY

Fills the world with warmth, sweetness, love and lots of JOY!!!

Come to think of it, so do all of you!

Hope your day is HAPPY, BLESSED, HEALTHY AND SAFE
