Annual Meeting & Installation Banquet:

According to the calendar, it is spring; however, Cleveland weather hasn't looked at the calendar recently! We awoke to a "dusting" of snow this morning and to temperatures that are cooler than they should be. But we know that soon the weather will change, and we will be looking at a wonderful Cleveland spring!

Our very busy MWC year will soon be coming to an end. A wonderful way to celebrate this is by attending the Annual Meeting and Installation Banquet on June 2, 20 18 at the Pine Ridge Country Club in Wickliffe. It is a wonderful way to enjoy lunch with good friends while celebrating all that we have accomplished. It is also a way to recognize our outgoing officers for all their hard work and to show support for the incoming officers as they are installed.

Our organizational accomplishments reflect the strength and commitment of each and every member. But remember the old saying: all work and no play it is now time to enjoy time with each other.

Conservation:

Spring is here and hopefully the snow will disappear entirely and we will all be anxious to get outdoors. Here are some things to think about this month as we think about protecting our earth, saving money and maintaining healthy bodies!

Committees – continued

1. Choose seasonal food from local producers.
2. Eat organically produced food.
3. Avoid GM (genetically modified) food.
4. Avoid takeout or pre-packed foods.
5. Grow your own veggies and herbs.
6. Reduce red meat consumption. (25% of greenhouse gas is due to large amounts of livestock on our planet. Livestock farming is one of the main causes of climate change.)
7. Avoid bottled water
See you soon!

GFWC/OFWC Information:

At our District Legislation Day on March 24th they mentioned that the OFWC is collecting empty medicine bottles. They will send the bottles overseas to medical missions so staff can give patients a clean safe way to take their medicines home.

If you would like to donate your empty medicine bottles, do the following:

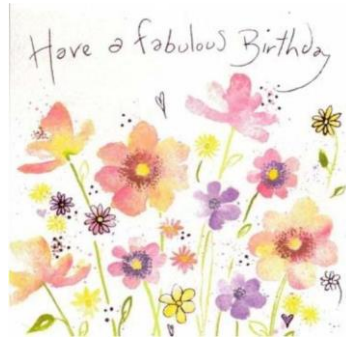

- Remove the label
- **IMPORTANT:** Remove all label adhesive (Goo Gone works well)
- Wash the empty bottles and lids in the dishwasher
- Put the clean lids/caps on the clean bottles
- Bring them to our monthly meetings

I will try to always have a box on the bench by the door. You can put your bottles in the box.
Thanks much.
