

# **MAYFIELD WOMEN'S CLUB SALAD LUNCHEON**

## **BENEFITING THE **USO****

**October 5, 2019**

Our speaker was Tanya Karabanov who is the Program Manager for the **USO** of Northern Ohio. Her story was a very personal one. She is a first generation American and is very happy and proud to be here and be able to help serve those brave American soldiers, sailors, and airmen who make the freedoms we have possible.

She outlined the many services that the USO provides to the military and their families. If you would like more information, visit their website:

<http://usonorthernohio.org>

She brought photos of the many different activities and events that she participated in with the military members and their families.

Peg and Georgene are setting out the salads.
